## **New Recruitment Video Highlights Beacon Funding's Modern, New West Loop Call Center**

**Chicago, IL, March 9, 2017**— Beacon Funding, a leading equipment financing company, recently released a recruitment video highlighting the company and new office to fuel their continued growth and increase the steady influx of new and talented salespeople joining the company. The modern, new call center in the heart of the West Loop opened last summer to serve as a base for the company's inside sales team.

The video focuses on the benefits of joining the growing team and the culture of the company. Vice President of Operations, Mark Belanger, and Inside Sales Director, Chris Trempe, both delve into the upbeat and supportive culture of the office while emphasizing the importance of bringing young talent to the team.

Watch the video at [youtube.com/beaconfunding](https://youtube.com/beaconfunding).

The new location was the vision of CEO, Sam Oliva. He sought to harness the energy of the West Loop in order to create a young, dedicated, and talented sales team. The video furthers these efforts.

"Our new call center video showcases what both Beacon Funding and our new call center in the West Loop have to offer future employees. We have been in business for 27 years, and we are continually expanding and searching for dedicated sales consultants to join our team," said CEO, Sam Oliva. "Our recruitment video shows the benefits of working at Beacon's call center from some of our staff's perspective. I'm very excited to share this video with everyone, and I look forward to meeting candidates looking for a career at our company."

The company is currently seeking sales professionals for two different positions, Inside Sales Representative and Senior Inside Sales Representative. Beacon encourages anyone meeting the following requirements to apply:

- Two years sales experience
- Bachelor's degree preferred
- Proficient with computers and technology
- Superior communication skills

By joining the Beacon Funding sales team, employees receive a competitive base salary with no-cap commission structure, 401K and profit sharing, and insurance.

Fourteen employees currently work out of the West Loop call center, but the office is outfitted to hold 26, leaving plenty of room for expansion. With the increase in recruitment and the ever-growing list of perks of working for the financial company, it seems the office will fill up quickly.
